

SONG MAP - Footsteps : CHORUS (words and music by Bill Pere, from the CD "Dare to Dream")

Always there at my side
 My heart hears the sound of your footsteps
 Calm the fear, make it clear when the road is a pathway untried...
 Each day a chance to decide
 To walk in the light or the darkness
 Find what's right, find the spark, set the sight, and set out on the ride
 Two ways to go, you are my guide

CHORUS

NOTES: The two primary rhyming groups, side / tried / decide / ride / guide and right / light / sight are themselves assonant (all with the long "I" sound, thus additionally reinforcing each other with eight repetitions of the same sound in different words. The other rhyme pairs: way/day, you/two, fear/clear, and the assonant pair road/go, cover each of the other vowels, so that all five long vowel sounds are reinforced.
